

GENERAL INTRODUCTION

The Technology Enhancement Programme (TEP) is an established and prestigious programme aimed at supporting and improving the teaching and learning of technology in schools and colleges. The programme is financed by the Gatsby Charitable Foundation and managed by the Gatsby Technical Education Project. The programme offers down to earth support for technology teaching through a series of photocopiable publications and wide ranging teaching resources. It also offers support and advice on school/industry partnership and organises regional meetings and INSET for schools.

For further information on the programme and its benefits, please write to or telephone:

Gatsby Technical Education Project
5 Old Mitre Court
London
