

The GAZETTEER

Easy to use guide to locating back issue material and features

Since 2001 TEP News and Views has been published in an A4 format, and from issue 1 in the new series, designed and produced with an emphasis on high quality graphic content and a related series of articles. With circulation exceeding 13,000 copies it is hard to imagine many colleagues not having access to a copy, however we are asked consistently for back issues and references to earlier articles.

So to that end the first 12 issues in this new format prompted us to include this easy to use guide to locating back issue material and features. Don't forget all back issues can be downloaded as full-colour PDF's from the TEP website.

This guide is sectioned for easy location and the first number is the issue followed by forward slash and the second number is the page number e.g:

12/4 indicates **Issue 12 / page 4**

PIC

Stepper Motor Control-Line by line programming	8/25
Phone PIC – An introduction to programming using mobile phones	9/20
Chip Factory Logic System – TEPs free Graphical programmer software	8/8
DC motor PWM speed control using the TEP Chip Factory	2/13
Chip Machine – looking at the low cost PIC programming alternative	12/6
PICtalk – brief review of the TEP serial AM PIC control resource	6/13
	2/7

General Topics

Quantum Tunnelling Composite- An introductory guide	9/24
Simple Infra Red control	11/19
Light Fantastic – Introducing lasers into D&T work	1/8
Solar Boat Challenge - Using super capacitors in projects	11/25
Winds of Change – developing Green issues in D&T work	12/20
Desk top manufacturing	9/6
Materials – Dumb, Modern and Smart	1/13
Charge and Go – introducing interesting super capacitor work	12/13
Making the most of the TEP website	11/20
What is the Smallpeice Trust?	7/12
Young Engineers for Britain	4/7
	7/19
National Academy for Gifted and Talented Youth	4/3

Publication Reviews

Technology for Key Stage 3	10/12
Smart Materials	11/4
TEP support Leaflets	8/12
TEP CD ROM review	2/8
	6/8
TEP Technology in Practice	1/2

Engineering Excess

Wheels – A closer look at unusual applications for wheels	10/26
Need for Speed – Thrust SSC	8/30
Eden – The greatest greenhouse	12/8

CAD/CAM

A Level Design at Bangor University	9/10
Desktop Architecture on INSET	3/10
Desktop Architecture	4/6
Desktop Architecture	2/10
TEP Tech CAD software	1/7
Open Office Draw – A free graphic design tool	11/11

School Features

Our Lady and St John College, Blackburn	9/15
TEP Milling Machines at Turnford School	3/3
Ball launching and Blow moulding from Rhyl High School	4/5
Air Motors at Rhyl and Turnford High Schools	5/14
Europa project at St Clement Danes School	6/3
TEP systems and Control at St Cyres School	6/12
Boldon Brassy – Celebrating CAM based jewellery from Boldon School	11/6
Fashion Café at Sawtry Community College	8/21

Robotics

Cyberpet – 6 legged or 4 PIC walker	6/4
RAF Cosford Robot Wars	10/22
Mission to Mars	9/16
Air Muscles – A step by step 'how to' guide	9/26
Build your own 2 legged walker	3/13
Mini Robot Challenge – School based robot wars	4/10
Developing an 'intelligent robot'	5/12
Pneumatic arm at Rhyl High School	6/18

Flight and Aeronautics

This is Rocket Science - Running a Rocket challenge	7/22
Build your own Polystyrene Hot wire cutter guide	9/28
Getting Flying with TEP Air motors	8/22

Practical PICAXE

1. Introduction, LED's and sequences	7/14
2. Security projects and alarms	8/16
3. Security and control	9/22
4. Controlling Motors	10/20
5. Using analogue inputs	11/22
6. Stepper Motor Control	12/28

Millennium Projects and Key Stage 3

Aromafan - The sweet smell of success	7/16
Bubble Blower- Exciting bubble making and blowing	10/16
Fragrant Freebies – The latest low cost design and make projects	11/15
PODs – Thermoforming Rigid foams	8/18
Message in a box – A PIC based introduction to Texting at KS3	9/12
P'zaz – Attractive and compelling approach to laminated jewellery	12/15
Jitterbug mania – Featuring a range of ideas for TEPs Jitterbugs	5/7
Millennium Schools Project case study at Lady Manners School	6/10
Millennium Schools Celebration event	8/10
Millennium Schools Project case study at Shipston High School	7/10

All of the series of TEP Millennium publications can be downloaded as full colour PDF's from the website.

ITE Features

Cambridge University	2/4
	3/5
Bangor University	10/9
Nottingham Trent University	12/19

TEP Technical Bulletins

1. Thermoforming Plastics- PODs	8/18
2. Steam Laminating	10/6
3. Pewter Casting	10/28

All of the Technical Bulletins can be downloaded as full colour PDF's from the TEP website.

Designing

Design Rules OK? Part 1	11/28
Design Rules OK? Part 2	12/23
Getting in the Mood – Using mood and image boards effectively	10/24
Attribute Analysis – Design development tool	8/14
PIES- Understanding Physical, Intellectual, Emotional and Social needs	9/8
Design Decisions in DMA's	7/6
Using Chooser Charts – It's what designing is all about	6/14
Effective Practice in D&T for Yr 7 Control and Electronics	7/20
TDI Awards 2004 projects	10/15
TDI Awards 2002 projects	4/15
TDI Awards 2003 projects	6/15
TDI Awards 2005 projects	12/11

Every Issue of News and Views also includes a Teaching Resources new products update on pages 4-5 and TEP joining details on the inside back cover.

➡ If you would like to submit work to be considered for publication with TEP or would like to discuss your department's work with us please contact Nick Baldwin by email at: nickbaldwin@tep.org.uk
